This letter is in regards to my opposition to Broadwater venture Long Island Sound Does not need a costly, risky, LNG barge. The tranquil LIS would forever be ruined by private armed security forces surrounding the barge. Broadwater is too costly, risky and not needed in the sound & the constant armed security disrupts the peaceful tranquil water of the sound. Again I am against the Broadwater venture.

Sincerely

C.Q.

Dear Ms Salas,

I do not agree with the proposal of Broadwater to place a Liquefied Natural Gas terminal in the middle of Long Island Sound. It would be too costly, and risky to have this barge in Long Island Sound. It would disrupt the peaceful and tranquil waters of Long Island Sound.

Sincerely,

  
Ann Marie Quarello

Dear Magalie R. Salis:

I am very upset about the information I have read about Broadwater. It does not belong in our Long Island Sound and will have a disastrous effect on our estuary. Broadwater would be too costly and too dangerous. The continual armed security will disrupt the calm waters of the Sound. This facility will limit public access and begin a precedent of industrializing the Sound. Let's keep our waters safe and beautiful. Thank you for your time and cooperation.

Sincerely,

Anthony Palmieri

Dear Madam:

I am writing this letter to express my deep concerns regarding the proposed Broadwater project in Long Island Sound. This project is too costly, risky and not needed in the Sound. The constant armed private security disrupts the peaceful tranquil waters of the Sound. I ask that you support Long Island residents by opposing this project. Please respond with your position on this matter. Thank you.

Sincerely,

I often go out boating, fishing on  
the L.P. Sound. Broadwater, I'm  
certain, is much too costly, Risky  
& not needed in the Sound. The  
constant armed private security  
disrupts the beautiful & peaceful  
waters on the Sound.
